Girls and guns!

Nuts girls make the Hot Shots 2012 calendar the best "shoot" ever!

Every year, the chaps behind the Hot Shots calendar (in aid of Forces' charity Help For Heroes) match up hot *Nuts* girls with high-calibre weapons, then take pictures of them. With clothes in short supply.

They were kind enough to invite us down to shoot the shoot where they did all the shooting. So, we spent the day watching our favourite *Nuts* babes stripping off and firing guns at fruit, and they even let us have a pop ourselves! Here's what went down...

Top Gear wrecks a street!

Their tanks trash a council estate!

WORDS: RORY BUCKERIDGE
PHOTOS: FLYNETPICTURES.CO.UK, REX

In case you don't recognise it, this is Christian Fields Avenue, in Gravesend, Kent. If you do recognise it, and it's your house, well, sorry, but *Top Gear* just knocked it down.

These scenes of carnage are from their latest wacky stunt where the boys bet local company Erith Construction they could knock three houses down quicker than the pros. But they didn't mess about with diggers and wrecking balls. Oh no, the lads proceeded to climb into tanks and other military wrecking machines and take the buildings out with army power!

Clarkson, characteristically, went down the high-explosives route. But when things went wrong, he then had to try to disarm his IED in a chunky bomb-disposal suit, just like Oscar-winning flick *The Hurt Locker*, only with added padding! Awesome!

"Didn't we leave the big machine around here somewhere?"

Farewell, Space Shuttle!

Nuts' fact-based tribute to the amazing reusable spaceship!

WORDS: RORY BUCKERIDGE, ANDREW ROLAND, JOE WILSON PHOTO: NASA

On Friday afternoon, Space Shuttle Atlantis rocketed into the upper atmosphere from Nasa's Kennedy Space Center in Florida to begin mission STS-135 – the 135th and final Space Shuttle flight.

Over the course of 30 years of missions, the craft has launched the Hubble telescope, screwed the International Space Station together and made the dreams of a Disney character come true.

So, in homage to this quite incredible vehicle, here are ten amazing facts! Space Shuttle, *Nuts* salutes you! Now come here – give us a hug!

- **The Shuttle is mankind's first reusable spaceship. The first Shuttle, Columbia, lifted off from Nasa's Kennedy Space Center on 12 April 1981.**
- After take-off, the Shuttle's jettisoned boosters fall into the Atlantic and are retrieved and reused. The external fuel tank is the only part that's not reused. It re-enters the atmosphere nine minutes after take-off and burns up.
- **It costs £486m to prepare and launch a Space Shuttle. The life of the Shuttle programme has cost £71bn!**
- Shuttles are 37m long (56m with rockets), have a wingspan of 24m and cruise in orbit at a velocity of 17,500mph – which means that the crew sees a sunrise or sunset every 45 minutes.
- **The ships have clocked up a total of 537,114,016 miles, completing 20,952 Earth orbits. The most travelled Shuttle is Discovery, with 148,221,675 miles.**
- Total time in space? 1,320 days, one hour, 32 minutes and 44 seconds, through the first 134 missions, in any case.
- **Upon re-entry to the atmosphere, the Shuttle's body reaches temperatures of up to 1,650C.**
- Astronauts representing 16 countries have flown in the Shuttle. They've also launched the first woman into space, the youngest person (a 28-year-old) and oldest (a 77-year-old).
- **In May 2008, Nasa teamed up with Disney to launch Buzz Lightyear into space. A 12in tall Buzz flew to the International Space Station in Discovery and spent a whopping 468 days at the orbiting station.**
- STS-135 saw Atlantis carry the first iPhone into space, with special apps designed to carry out experiments aboard the International Space Station.

224mph Aussie supercar!

Lighter than a Ferrari, more powerful than a Veyron!

- **Looking suspiciously like the McLaren F1 from the '90s, Joss Developments' JP1 is the Aussie car-maker's first stab at a Ferrari-chomping supercar.**
- If it looks slightly dated, that's because the design has been around since 2004. This time, though, the JP1 promises to make it into production. It's already got a price tag of $500,000 Aus – about £325k in our money – that's enough to buy a pair of new McLaren MP4-12Cs.
- **That said, the McLaren may have 592bhp compared to the JP1's 500bhp, yet both crack zero to 62mph in three seconds.**
- So how does the JP1 manage that? Simple: weight. The JP1 has a honeycomb subframe with Kevlar reinforcements and full carbon-fibre body. In pub bragging terms, that means the Joss weighs only 940kg compared to the McLaren's 1,301kg and the Ferrari 458's 1,380kg. This is no beer-swilling Aussie hulk, this is Kylie Minogue with a V8 for a heart.
- **It hasn't been revealed by whom the all-alloy V8 engine will be made, but it's mid-mounted and Joss reckon it'll burn a quarter mile drag in 11 seconds. Stopping it are vented discs with six-pot front and four-pot rear calipers.**
- Despite the '90s body, if the JP1 production car maintains that feather weight, then it'll produce more bhp per tonne than a Bugatti Veyron!
- **And the numbers? The mid-mounted 6.8 litre V8 will rocket the JP1 up to a full-speed punt of 224mph. That £325k doesn't sound so silly now, does it?**

Nuts reader Ash Adams with his winning cheque

Nuts reader bags £230k!

Deal or No Deal game wins reader almost a quarter-million quid!

As if you needed more reasons to buy your favourite mag, reader Ash Adams shows that on *Nuts* Games you could be the next big winner!

Ash, a bank worker from Hampshire, bought *Nuts* from the hospital shop while visiting his missus. "And that's where I saw the ad for the *Deal or No Deal* slot game. Within 45 minutes of playing, I'd got into one of the three bonus games, five times! By the end, I was down to my last two boxes. I clicked 'No Deal' on the banker's offer and I won the lot!"

Hi Ash! Well done on bagging the jackpot! What's it like having all that cash? Words can't really describe it. It's been in my account for three weeks now and it's crazy! I don't think I'll properly believe it until I buy something really big with it, like a house or a new car!

Is this the first time you've ever won anything like this? Yeah! The most I've ever won before was £200. I'd been signed up to *Nuts* Games for less than an hour, though, so you can imagine how I felt when it said I'd won!

We bet! So would you say you're a lucky bloke in general? I do enjoy online games and have had some luck but wouldn't consider myself lucky. All my mates said that if it was going to go to anyone it was going to be me. I feel extremely lucky now!

Do those mates expect you to be getting the drinks in from now on? Yeah! A lot of my mates are away in Ibiza at the moment. When they come back, I'm gonna book a few VIP boxes at one of our local clubs and have a big old night there.

You mentioned buying something massive. Are you tempted to blow it all on a big spree? I've had a mini spending spree already. I said to my girlfriend we'd take £1,000 each to just go out and spend on anything we want, so we've done that. I bought a new car for her yesterday and I'll sort myself out with a new one soon, plus I plan to get a house!

The new Lambo Aventador is £240,000... Tempted? Ha-ha! Yeah, a Lambo would be nice, but I've got my sights set on plenty of other stuff, too. Plus I'm still going to carry on playing. Since I won the jackpot I'm already another £700-£800 up, so it's definitely paying up!

It could be you!

Sign up to *Nuts* Games* today to enjoy top online games like *Deal or No Deal*. And, like Ash, you could be in the money! For a chance to win, visit **www.nutsgames.co.uk**

Car-boom!!

"There goes the no-claims bonus"

Thai car bomb disposal attempt doesn't go quite to plan!

PHOTOS: REUTERS/JORY BUCKERIDGE

These extraordinary snaps mark the end of a fairly unsuccessful attempt by a plucky bomb disposal expert to disarm a car bomb. The improvised explosive device was left in the Thai province of Narathiwat by local grumpy terrorists. Everything was going fine, until our man opened the passenger door, when the bomb detonated, turning the car into a heap of mangled metal.

Incredibly, he then got up and walked calmly away from the blast, thanks to the protection afforded by his Kejo Saviour EOD bomb disposal suit.

He then went home, had a cold beer or two and made energetic love to his wife in a surprising new position. Well, that's what we'd have done, anyway!

Skyscraper of cards!

It's the world's best card stacker!

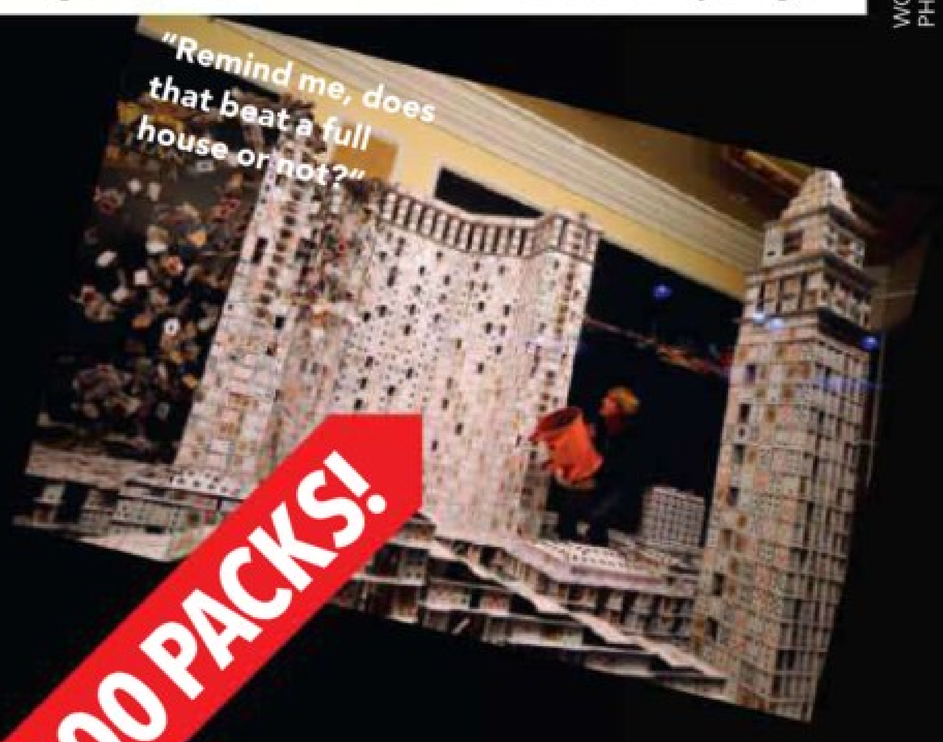

This cardboard beauty is an 8m-high recreation of the Dallas skyline, and has been made entirely from playing cards by mind-bendingly clever artist Bryan Berg. To be specific, Bryan used 1,060 decks of cards, which he stacked with no bending, folding, tape or glue, to create these world-recording-holding structures.

He's gone bigger, too, with a version of the Venetian Macau Resort-Hotel, which used 4,000 decks (that's 219,000 individual cards) and took 44 days to construct. He then destroys his creations with the aid of a leaf blower.

Mightily impressive, obviously. But we would bet one wrinkly testicle that this man is almost certainly single.

'Quebec? Why don't you just f**k right off?'

StoreMags.com - Free Magazines Download in True PDF format

A right royal rumble

I have to hand it to the new royal couple for flying all the way to Canada and still finding a way to f**k off the French. They went there for five days, but as soon as they got to Quebec, they were met by signs saying: "Parasites go home!" which is a tad f**kin' harsh, and: "Pay for your own trip!" which they probably should, really. Even so (and may I assure you right here and now that I'm no monarchist) I'd like to take this opportunity to say – how to put this? – Quebec, why don't you just f**k off? Cheers.

What a helmet!

A man in New York State has died while motorcycling without a helmet, to protest about the State's laws about wearing a helmet while motorcycling. Basically, he went over the handlebars and smashed his head in. While it's never funny when somebody dies, this is, of course, really, really f**kin' funny. This sends out a pretty clear message to motorcyclists, which is: wear helmets, ya f**kin' d*ckheads. Every once in a while you have

"Even in Canada, they fked off the French!"**

to get your car checked and if you have the slightest bit of rust or the brakes slip a bit, then you don't get the MOT certificate. But take away the seatbelts and two of the wheels and then sit on the engine, and nobody gives a f**king sh*t. Wear a helmet! Not for yourself, but just so that, if and when I hit you, I don't feel guilty if you die.

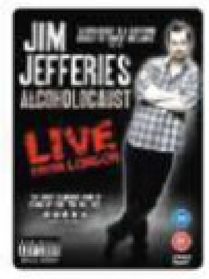

Harry off the hooch…

Daniel Radcliffe from the *Harry Potter* films says he gave up drinking in 2010 because "I became reliant on alcohol to enjoy stuff. As much as I would like to go parties and have a couple of drinks, it doesn't work for me." Well, Daniel, I couldn't agree more – what's the point of just a couple of drinks? Seriously, you don't have to drink to have a good time (it just helps) but Dan, you're twenty-f**kin'-one! You're supposed to be getting f**ked up! You're barely out of Hogwarts – you'll never slip it to Hermione if you're both sober!

… And Liam off the lager!

And, apparently, Liam Gallagher gave up drinking on New Year's Eve, too, and now only drinks ginger ale. What the f**k is the world coming to? At least Liam is 38 years old and has been f**ked up for all of them. Even so, "It's a crazy situation, but all I need are cigarettes and ginger ale…" just doesn't have the same ring.
That's all, f**kers!

A soldier is stopped by a police officer outside Buckingham Palace, covered from head to toe in wallpaper, emulsion and paste.

The intrigued policeman asks, "What the hell has happened to you?"

The squaddie replies, "Ah, I've just been decorated by the Queen!"

Bad times

Two blokes are in the pub, when one spots the other showing off his shiny new Rolex. "Blimey, that's a bit flashy! I thought you were skint. Where'd you get that?" he asks.

The other looks up and says, "The lesbians who live next door gave it to me for my birthday!"

"That's thoughtful of them," says his mate.

"Not really," he replies, "I think they got the wrong idea when I told them I wanna watch!"

Paranormal Activity

A visiting professor is giving a lecture on Paranormal Studies at the University of Lincoln.

To get a feel for his audience, he asks, "How many people here today believe in ghosts?"

About 90 students raise their hands.

"Do any of you blieve you've seen a ghost?" he continues. At that, about 40 of the 90 students raise their hands.

"That's really good. I'm extremely pleased you take this seriously. But has anyone here ever talked to a ghost?"

With this, 15 class members stick a hand in the air, encouraging the professor to ask one more, far-out question.

"Have any of you ever had sex with a ghost?"

To his disbelief, one hand at the back goes up.

The baffled teacher invites him to down to the front of the class. When the student arrives, the professor asks him, "So what is it like to have sex with a ghost?"

"A ghost?" exclaims the student. "I thought you said a goat!"

THE TRUTH ABOUT SEX WITH... EMMA FRAIN

Nuts girls solve your bedroom bother!

Email questions to **thetruth_sex@ipcmedia.com**

She's had more ladies than me!

My girlfriend told me she used to be attracted to girls and has had sex with more girls than I have. How should I feel?

Mark, Wigan

I'm not surprised you don't know how to feel – it's a weird situation. You could try being turned on by the fact that she was so sexually open, but you also have to ask whether she's actually more into girls than she's into boys. In which case, I'm not sure it has a future!

Is car sex OK?

I've just passed my test and got a car. I live with my parents so I can't have sex there. Would a girl think I was a chav if I tried to get saucy in the car?

Baz, South London

No, not at all! I've done it in a car in the past and the risk of being spotted really turns me on. It's something you have to do when you're younger as a rite of passage. It doesn't matter where you do it as long as it's good!

I don't want my sis to know!

My older sister has this really hot friend. How can I subtly find out if she fancies me, because if my sister finds out, she's just going to take the p*ss?

Si, Kidderminster

Ha-ha! Wow, what a situation to be in! The first thing to do is test the waters. Get the friend on her own and have a little flirt to see how she reacts. If you get a good reaction then start to drop the odd hint. And do it through your sister because she can't really be completely nasty, can she?

I like feet!

I have this thing about girls' feet. Nice ones with painted nails and high heels really turn me on. Is this normal?

Derek, Belfast

I've known fellas who have exactly the same turn-on! It's completely normal. In fact, I don't think I'd do it with a guy who had minging feet either!

LUCY PINDER

Hi Lucy

Say "Hello!" to Ms Pinder and "Bye!" to her bra!

We might not be the brightest of creatures here at *Nuts* Towers, but we do know how to take a hint. And the hint we keep getting from you, our beloved readers, is that there's nothing like a bit of Lucy Pinder to put a smile on your face! So here she is, simply because she's awesome in just about every way – but especially when she's not burdened by much in the way of clothing! So, gentlemen, we give you the one and only Lucy Pinder! ➡

Hello Lucy! What have you been up to? Hi! I've been a busy bee. Lots of shoots, lots of going out and lots of enjoying my summer. The heatwave we've just had was a good excuse to not wear a lot of clothes, and that's always welcome! You can't beat some good old British topless bathing!

We couldn't agree more! What's your ultimate aphrodisiac? I don't think there's one specific thing that turns me on – I seem to get turned on by lots of different things! I like it when a bloke's really confident and sure of himself, but not cocky. I'd say that's a bit of a turn-on!

Who's your hero at the moment? It has to be Beyoncé right now! I watched her at Glastonbury the other week and she was absolutely incredible. I wouldn't even say she's a hero, more like she's made me fancy girls a little bit! Who wouldn't fancy that body?

Is your iPod loaded full of Beyoncé then? Yes, it is! Plus there's load of other random

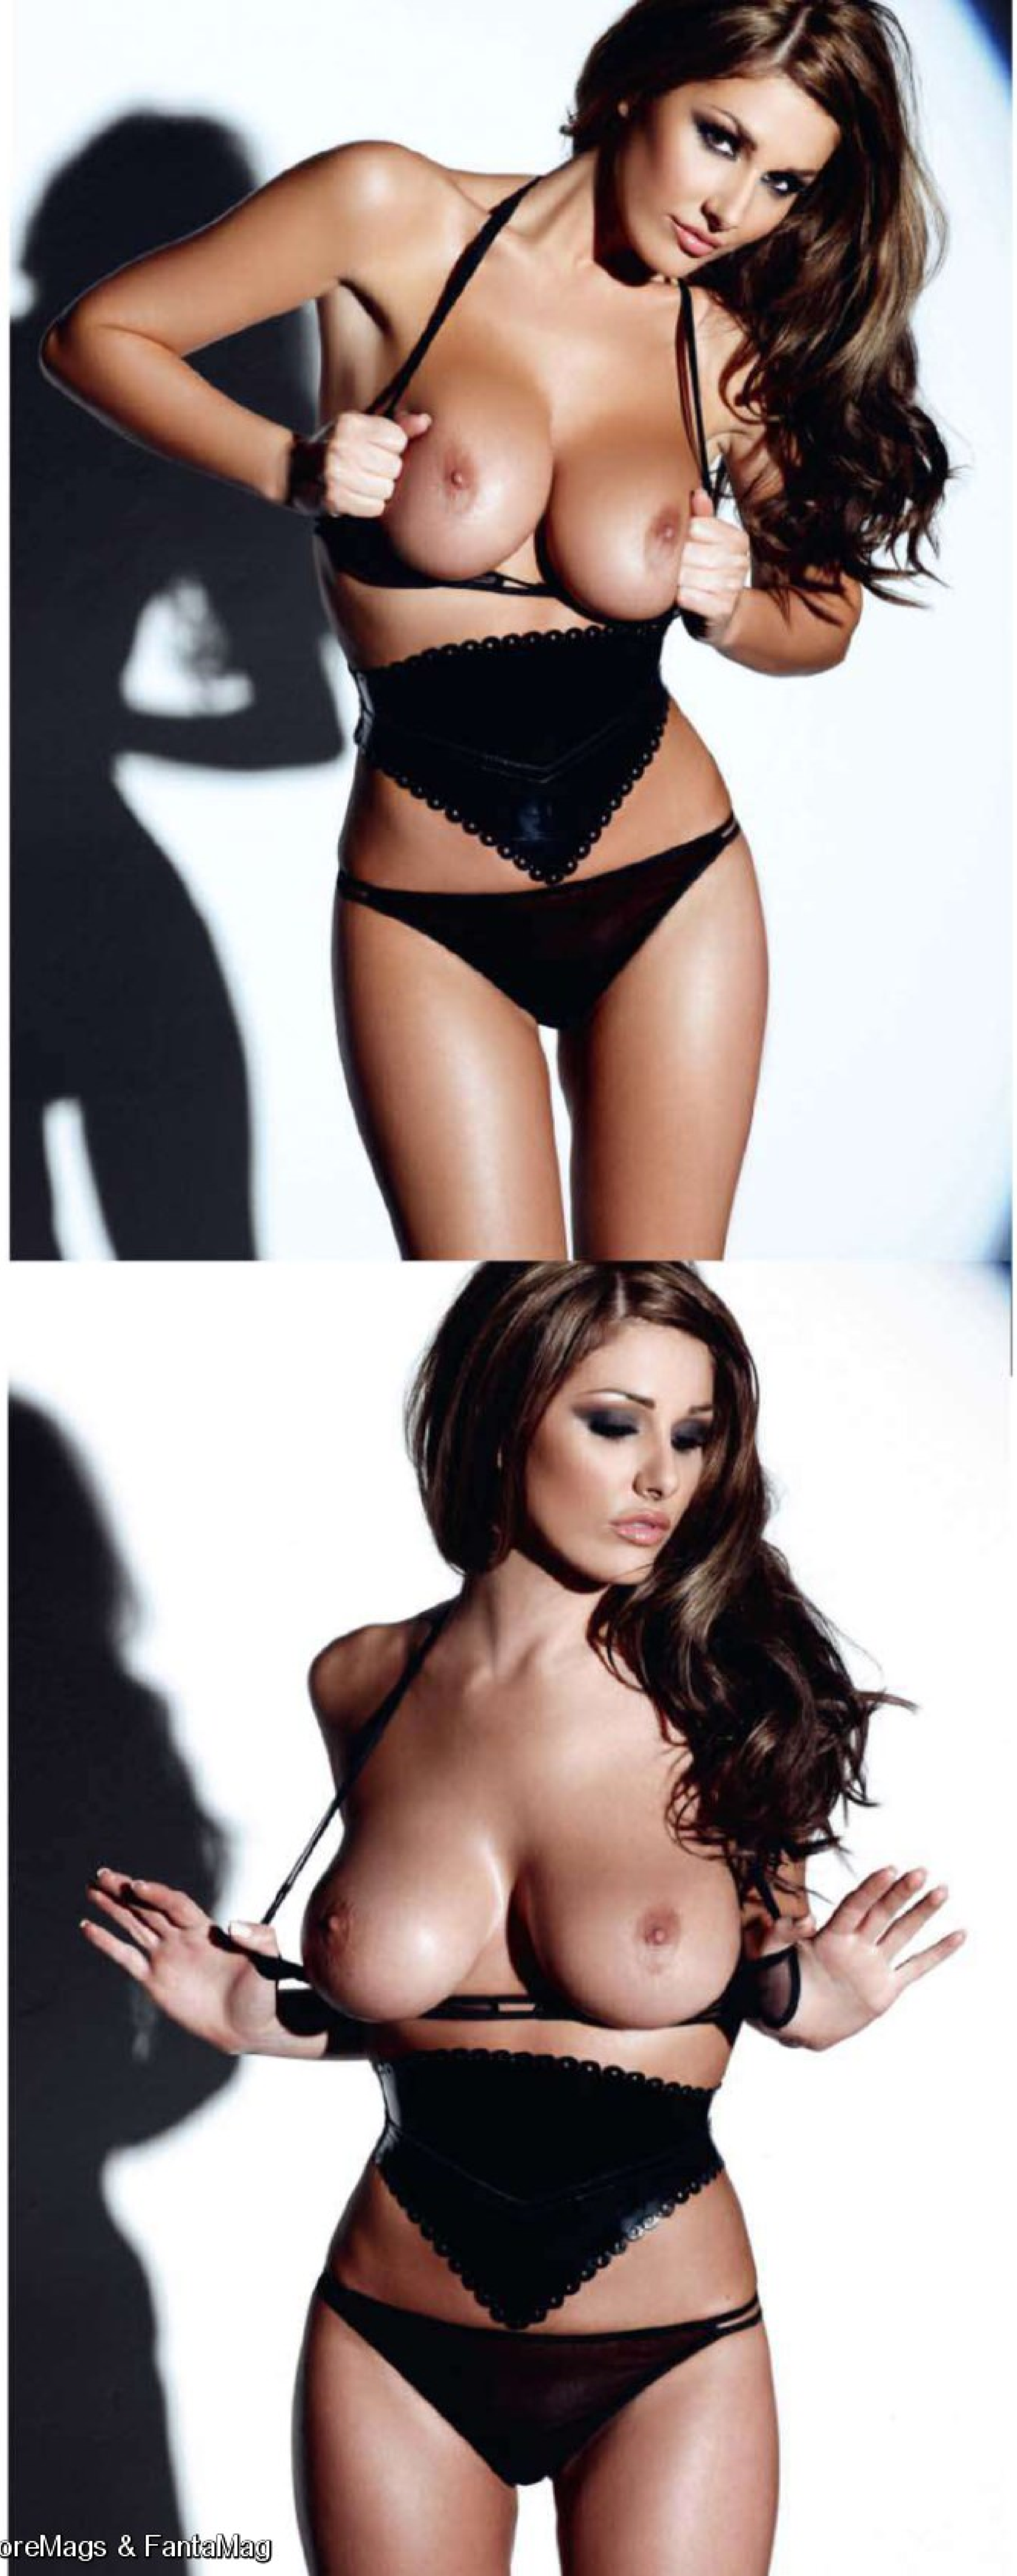

"Beyonce has made me fancy girls a little bit"

stuff on there at the moment. I'm really into a band called 30 Seconds To Mars.

Have you got any plans for your summer jollies? Not yet, but I'm making some. I want to go on a proper girlie holiday to someplace exotic this year. Hopefully, that'll mean lots of sun, hot beaches, some nice drinks and not a lot of clothes!

Would we ever find you on a nudist beach then? If it's a beach that's full of really fit girls and buff blokes, then you'd definitely find me with my kit off! But aren't most nudist beaches actually just full of wrinkly old men and saggy-boobed ladies?

We're granting you three wishes – what are you going to do with them? Wish number one would be to have the power to see people naked whenever I wanted. Wish ➡

"I'd go on strike if they banned boobs in Nuts!"

number two would be to make it constantly sunny, and for the third wish I'd make everyone who's lost their jobs because of the recession really rich!

What's your favourite line from a movie? That's too tough to call, but it would probably be from *Dumb And Dumber*. It might sound lame but I really love that film! Purely for Jim Carey. I love the line, "Pull over!" "No, it's a sweater, but thanks for asking!" Ha-ha!

Wish we'd never asked now! Would you ever go on strike? Maybe if they tried to ban mags from showing boobs! I'd say that I wasn't going to appear in *Nuts* again until they allowed us to get our kit off. Then the readers would inundate the government until they forced magazines to be full of lovely boobs again!

What's overrated? Being drunk! Don't get me wrong, I love a good drink but when I see people staggering all over the place and being sick, it's really unflattering and makes me feel like never drinking again!

Thanks for the chat, Lucy. Finally, when was the last time you had an uncontrollable urge? I can't answer that without getting embarrassed because I have so many all the time! Whenever I get home from work, I have uncontrollable urges to do rude things! ■

Top Gear's Captain Slow on beer, clothes and Clarkson!

Hi James! If you, Clarkson and Hammond were all single, would you be each other's wingmen? I hope not! Contrary to the image they like to project, I'm pretty relaxed at talking to women. I don't want a massive oaf or an irritating little pikey being my wingman. It would ruin my chances.

Would you like to take out a super-injunction against Clarkson so no one has to listen to anything he ever says again? Yes! How much do they cost?

Have you seen that *Top Gear* spoof where you take to the streets in cardboard box eco-friendly cars? [Search for "Top Gear Eco Special" on YouTube, readers!] Yes, I have and I thought it was very good!

It came out after you and Clarkson were spotted trying to charge an electric 2011 Nissan Leaf and 2011 Peugeot. The problem is that there aren't many public charging points yet. Most cities don't have them at all. The electric car turns you into a beggar because you have to knock on people's doors and ask if you can have a bit of electric. In the olden days, people used to say, "Have you got 50p for a cup of tea, mate?" Now it's, "Do you mind if I plug into your mains for eight hours?"

Presumably, at home, water doesn't come out of your taps, it's London Pride ale. Do you bathe in the stuff? I don't bathe in it but only because I live only 100 yards from the brewery. I've had a dedicated supply pipe laid under the A4 into my kitchen so it's permanently on tap!

For *James May's Man Lab*, you got students to design a boiler suit that could be worn to any social engagement. Wouldn't everyone just be thinking, "Look at that berk in the boiler suit?" The boiler suit is basic default clothing. It's what you put on like you put a pair of pants on when you get up in the morning. But to the basic boiler suit can be added accessories and attachments which make it accessible for everything from a summer pool party to a funeral to being knighted by the Queen.

You had to model your boiler suit on a catwalk. Were you worried one of your testicles might fall out, as happened to Simon in *The Inbetweeners*? My main worry was not laughing too much. Models always have deadly serious faces, they look quite angry, especially the women. So I had to try to keep a straight face.

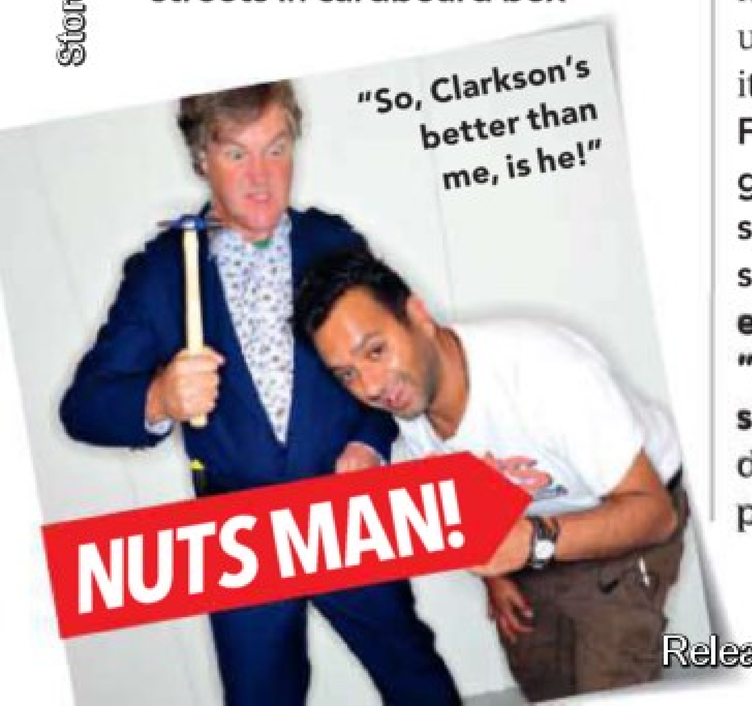

The *Top Gear* fashion is long hair and tight jeans, a look usually reserved for ladies. Why do you present the manliest show on TV technically dressed as girls? I'm not sure *Top Gear* is necessarily the manliest show on TV. I'm sure things like *Ice Road Truckers* or *Chop Shop* are more manly. We've sort of acknowledged recently that we're knocking on a bit. You say long hair, you mean me and Hammond. Jezza didn't have any until puberty, it's that sort of hair. Hammond and I have both had our hair cut now. Mine's gone grey, Hammond's realised he looks an arse, and our jeans aren't really that tight.

How about The Stig? What fashion tips would you offer him? We've got some friends who've told us white is so last year or something. Is it? I don't know. White cars and whitewall tyres are quite cool. The Stig can't be fashionable. He just drives cars. He's barely human.

Thanks for the chat, James. Finally, they do versions of *Top Gear* in Russia, Australia, China, America and Turkey. When you get together at the worldwide *Top Gear* Christmas party, are you tempted to snog one of the other James Mays, just to see what it'd be like? In America, Rutledge Wood is supposed to be me. He's got a beard and wears a checked shirt. It'd be absolutely hideous! Why do you always put these silly gay questions in about *Top Gear*? ■

"I wouldn't want that massive oaf or that little pikey as my wingman!"

Top Gear *is on BBC2 on Sundays at 8pm.* James May's Man Lab *returns later in the year.*

CARNAGE ON CROCODILE ISLAND!

Why the people of Borneo live in fear of their deadly man-eating neighbours...

To outsiders, Borneo seems like a small slice of paradise. Made up of bits of Indonesia, Malaysia and Brunei, the island boasts the oldest rainforest in the world, home to the endangered orangutan. Its climate and natural splendour attracts backpackers from all over the world, but those wishing to marvel at endangered creatures in their natural habitat might well feel endangered themselves. Because one of the island's resident beasts, the crocodile, is baring its teeth with alarming frequency, leaving body after body floating in Borneo's picturesque rivers.

MAN-EATER

In December 2010, 66-year-old Malaysian fisherman Sidi Samat rose early to go and catch a day's food for his family. As it turned out, it was Sidi himself who ended up on the menu. Normally, fishing in the Batang Samarahan River would have been a quick and simple affair for a man of Sidi's experience, so when he hadn't returned by 8am, his wife raised the alarm. A search party set out for Sidi's usual fishing spot, where they were met with a truly horrible sight.

Floating in the middle of the river was a huge crocodile, between 14 and 20 feet in length. Dangling from its mouth were the legs of Sidi Samat. The massive crocodile had taken him by surprise as he patiently fished in waist-deep water near the river bank, an area of the river into which crocs rarely stray. As horrified villagers looked on, the huge beast languidly chewed on Sidi's remains. It was too late to save him.

"We couldn't reach him," said Ismail Awang Uding, one of the first locals on the scene. "I prayed and talked to the crocodile, asking it to come ashore." As if to taunt the anguished humans, the crocodile drifted towards the riverbank, only to submerge, taking Sidi's body with him.

In an earlier incident, the lifeless body of Jefferyson Sali was more or less intact when it was hauled onto the Sungai Skreng jetty on the morning of Sunday, 29 May 2010. Fitter and younger than Sidi Samat, 26-year-old Jefferyson had been swimming with a friend in the river in the heat of the evening, and was in high spirits. When his friend returned home, Jefferyson opted to enjoy the cool of the Skrang River by himself a little longer. He was never seen alive again.

"I saw a large crocodile devour him. He vanished!"

Jefferyson's body was found the next morning. The bones in both his legs had been shattered, a huge chunk of his right thigh was missing and bloody marks covered his body. Officials were certain that a crocodile had taken Jefferyson.

DRAGGED UNDERWATER

The wife of Awg Tuah bin Yahya of Belait, Brunei, had no doubt about her husband's fate. She had to watch while Awg, 41, was ambushed and eaten by a huge crocodile.

As they regularly did, the couple were fishing the Belait River to supplement their income on the evening of 7 September 2009. They were used to the presence of crocodiles in the area, but as Awg cast his net in knee-deep water, one beast got the drop on the part-time fisherman, lashing his legs from under him with a swipe of its tail. Within a fraction of a second, Awg was in the crocodile's jaws and his screaming wife watched in horror as the croc took her husband down into the deep water, the fishing net still in his dying grip.

The search for Awg's body was still underway when another bather was taken in Brunei's Tutong district.

The severity of attacks led to the first Human-Crocodile Conflict Conference in Kota Kinabalu, Malaysia, in June 2010. As a result, scores of crocodiles are now caught, tagged and monitored.

The family of Richard Shadwell, a musician from Sutton in Surrey, can attest to the perils of Borneo's rivers. In April 2002, Shadwell was travelling through Indonesia's Tanjung Puting National Park. The area is infested with crocodiles – indeed, one of the National Parks more grisly tourist spectacles is the sight of crocodiles residents ambushing monkeys drinking at the riverside – but, despite this, Shadwell and others went swimming in the water behind a tour boat. Suddenly, one of the bathers shouted that he'd felt something brush him in the murky waters and that they should get back onto the boat. The alarm came too late.

"I saw a large crocodile devour him," a guide told reporters, "and he vanished." Shadwell's remains were discovered in the small hours of the following morning.

Richard Shadwell is, so far, the only British name on the area's crocodile death roll in the 21st century, but as backpackers continue to descend on Borneo, he may not be the last. ■

Hello again Imogen! What fun have you been up to since we last spoke? Hello! I've just got back from LA, where I've been getting away from how hectic things are over here. I've been having lots of meetings and seeing lots of people out there. I guess I've been hiding a little bit from everyone, too! LA's full of English people, so I had to find a really quiet beach to get away from it all!

Does that mean you've been sporting a silly wig and fake moustache? Ha-ha! Oh God, no! I don't think that'd do very much for my modelling career, would it? Nah, it's been cool. Obviously, things have just been extremely hectic back here in the UK, so it's been good to let it all die down a little.

Tell us about this *Imogen Finds A Husband* show. Is it going to happen? Oh my God! Honestly, there's been some right rubbish printed, but there's no way I'm doing anything like that! Obviously, there's been lots of interest in a show like that, and producers have talked about it, but I can't think of doing anything worse!

If it were to ever take off, what sort of a man would you look for? Someone who's caring and who I fancy! I guess he doesn't have to be the best-looking bloke in the world, but he's got to know how to look after me. I quite like the boy-next-door type, so you never know! I'm looking to avoid liars and cheats, obviously.

What sort of a wife would you make? I don't mean to blow my own trumpet but I'd make an amazing wife! I'm really caring and considerate and I like to totally spoil my bloke. Plus, I'm a fantastic cook!

Really? What's a signature Imogen Thomas dish? I cook everything. I do a mean chili con carne and rice, but I can also do a really good cawl, which is like a Welsh soup ➡

Would you say you're easy to live with? I'm pretty OCD! I love cleaning and that can put people off, but in general, I reckon I'm pretty easy-going and enjoyable to live with. I don't leave dirty undies lying around or anything! That would upset me.

Do you have any bad habits? You know what, I can't think of any! I'm sure there'll be some but maybe I do them so often that I don't notice them. Can you just say that I don't have any? Ha-ha!

We saw some pretty awesome *Baywatch* pics of you recently. Is there a change in career on the horizon? Ha-ha! I know, they're amazing! I'd definitely love to be on *Baywatch*. It was pretty fun posing for those pictures. Can you imagine being a lifeguard in California? I could see myself as the new Pammy! Maybe they should do a Welsh version – we have the beaches for it. "I'd be able to overcome a lot of my fears on I'm A Celebrity!"

Er, maybe! How's your mouth-to-mouth action? That's cheeky! But yes, I'd give it a go. It takes a lot of practice, I should imagine!

OK, which of these would you marry, Jeremy Clarkson, Jedward or Sir Alex Ferguson? Oh my God, that's tough! Clarkson seems like the least annoying, and I couldn't bear the other two. Are you planning some sort of celebrity version of *Imogen Finds A Husband* or something? Ha-ha!

No, but we've heard rumours about you being asked onto *I'm A Celebrity...* Fancy it? I'd love to! I've always wanted to go on that show because it looks like so much fun. You get to hang around in an exotic jungle, do things you'd never do, and jump out of a plane! Plus I'd get to overcome a lot of my fears. If they don't ask me on it, I'll deffo be watching it!

Would you be able to handle roughing it? Yes, because I'm not high-maintenance at all! I don't care if I have no make-up on or haven't combed my hair. As long as I can brush my teeth in the morning, I'll be fine!

Who would you hate to be stuck in the jungle with? Jedward would be a nightmare! They're lovely boys and I've met them before, but they're so loud and in your face. I don't think I could handle it in the heat!

We've also heard you might be doing *Celebrity Big Brother*. What are the chances? So many rumours! But I'd probably be up for it. I guess it'd have to be one or the other, wouldn't it? I'd prefer to do *I'm A Celebrity...*

But Charlie Sheen might get involved with *Celebrity BB*. Surely that'd swing it for you? Oh, hang on – that'd be funny! I'd love to spend an afternoon with him because he doesn't care about what he says. There are rumours knocking around about Mike Tyson and Mohamed Al Fayed going in as well. ➡

Are pillow fights allowed? Yeah, as long as it didn't get too rough!

What about weekend-long love-making sessions? Oh, definitely. That's not off-limits!

What's the worst thing a girl could expect when walking into a chap's bedroom? I once found a used condom wrapper in a bloke's bedroom – that was off-putting. Oh my God, why would you leave that lying around!

How could a bloke make his bedroom more appealing? Blokes, pay attention – girls like good, clean sheets! It's not hard to make your room girl-proof, and stains are very off-putting. Just put some candles around, too. Always a winner!

Thanks, Imogen! Finally, have you ever been asked to do something in the bedroom and thought "Absolutely no way!"? Yes, but I'm not going to say or even hint as to what it was! It was very rude and I'm sure the readers can use their imagination!■

McIlroy: 'I can get better and better!'

US Open champion Rory McIlroy targets the British Open crown!

Hi Rory! Do you see yourself as one of the favourites to win the Open? I hope to be there or thereabouts, but there are plenty of other golfers who'll feel the same. I'm confident about my game at the minute so we'll just have to see how it goes.

How has life been after winning the US Open? We imagine it's all a bit bonkers? It's been insane, yeah. As a kid, you imagine winning trophies – what it would feel like walking up to that final putt on the 18th, knowing you've been the best – but what you don't dream about is all the attention you get. The fame side of things is something I still can't get my head around!

But you must have known your life would change after winning a major, right? I honestly thought it was about winning a golf tournament. A massive one, yeah, but still a golf tournament. Now I know it meant a whole lot more to me than that.

Your boyhood hero Tiger Woods has had trouble dealing with the adulation. How do you keep your feet on the ground? I've got a great family who keep me bound to reality. My friends, too, are brilliant because they've been my mates since way before all the fame thing. And, of course, Holly [his girlfriend] doesn't take any nonsense from me! Don't worry about that!

What do you think about what has happened to Tiger Woods? I can only talk about the golf and the inspiration he was to me. He has taken golf onto another level and should be respected for that. I just want Tiger to get fit again and be the player he was because he's great for the sport.

Was winning the US Open a bit of a "twos-up" to those who said you choked at the Masters? A bit, and it was also about proving something to myself. I've always been confident about my game so I think the experience I had at the Masters made me even more determined to set the record straight.

At the end of June, for the first time in 25 years, the top three golfers in the official world rankings were British. Amazing, huh? It's a tribute to our consistency, I think, and to the strength not just of British golf but of European golf. Seeing Lee [Westwood] and Luke [Donald] do so well is an inspiration. I think we all enjoy each other's success.

Do you think you're the best golfer in the world right now? I can't say that but I have a deep belief in myself and what I can do. I think if I stay dedicated and put in the hard work, I can get better and better. Some of the golf I played at the US Open was out of this world. The goal now is to reproduce that on a regular basis.

Thanks for the chat, Rory. Finally, you're a rich young man now. What are you going to spend all your money on? This sounds like a cliché but I didn't get into golf because of the money. I played because I truly, dearly love the game. That's what drove me to put the hours in from a young age, that's what motivates me today. I play to win tournaments and hopefully to be regarded as the best. And I have the commitment and self-belief to make this happen.

FOOTBALLERS' CARS!

It's what your turnstile money pays for!

THIS WEEK...

Pennant collects supercars!

Jermaine's Ferrari, Lambo & Aston

With all that cash they have lying around, it's easy to see why today's footballers collect supercars like we used to collect Panini stickers.

Stoke City's Jermaine Pennant here is a top example. Not only does he own a brand-new black Aston Martin DBS, but he's also been seen out and about in a Ferrari 360 Modena and a Lamborghini Gallardo!

The obviously car-mad winger also once abandoned a Porsche at a Spanish train station for five months! Apparently he'd forgotten he had it. As you do!

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

ONLY IN Nuts!

His career as a bullfighter would be short-lived

Clichy in, Tevez out!

It's been another very busy week for transfers in the Premier League! Gael Clichy's £7million move to Manchester City is a big one and potentially a massive blow to Arsenal. Not only are they losing a good quality left-back, but it could open the door for some bigger names to leave the club. I don't blame Clichy for going. It isn't about money for some players, it's about winning trophies, and he obviously feels that he's got a better chance with City!

Should the likes of Samir Nasri and Cesc Fabregas move on, it'll be a massive test for Arsene Wenger. But he's a superb manager and has rebuilt sides before. Striker Gervinho is on his way from Lille and Wenger's track record for bringing through young talent is superb.

Over at Eastlands, I have to say the Carlos Tevez situation is a strange one! When he and Javier Mascherano joined West Ham, they were relatively unknown. Now Tevez is a multimillionaire superstar and has the beauty of choosing which club to join next.

I'm not sure I buy his excuse of wanting to be closer to his family, especially his young daughters. If that were really genuine, he'd go and play in the Argentinean league and get paid peanuts! He'll probably end up in Italy or Spain and last time I checked, they weren't that close to South America!

"I don't blame Gael Clichy for leaving Arsenal"

England's keeper kit nightmare!

I'm usually the first person to get slaughtered when it comes to fashion sense, but what's going on with the new England goalkeeper jersey? It looks awful! I think someone behind the scenes is having a laugh!

I know the idea with goalie shirts is to have bright colours – something that might distract a player from scoring when through on goal – but I reckon this might have the opposite effect. It's so bad, strikers will be lining up to have a pop! And with how England are playing at the moment, the opposition will get plenty of chances!

If nothing else, I might wear it on the sofa during *Goals On Sunday*. If I'm honest, it's no worse than a lot of the shirts I've worn in the past!

Wait till you see the shorts!

NUTS PROMOTION

Nuts GAMBLING MASTERCLASS!

We poured this advice into a *Nuts* man's head and sent him online to try to win!

Deal or No Deal top tips!

Deal or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

For as little as 5p a go, you can win big – and if you're willing to play on all lines, you could win a progressive jackpot. In fact, one winner walked off with £1.96m!

And best of all? You can win big money in the comfort of your own home!

HOW TO PLAY

- **The aim is to get winning symbol combinations from a spin of the reels, with the ultimate aim being to win the progressive jackpot.**
- You can gamble up to 20p on each of the 20 pay lines. That's up to 20 chances to win on each play!
- **The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.**

THE NUMBER LINES

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

BONUS GAME

If you're betting on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins. This is much like the Deal Or No Deal TV show, only the big progressive jackpot is at stake here. Don't be too greedy or, like us, you could end up with £8 instead of £100!

ANDRE ON JOINING CHELSEA!

"I'm honoured to be here. The challenge is incredible – to help the club win titles and be a major force in Europe. I hope to be an important part of this project."

ANDRE ON THE PRESSURE OF BEING SACKED!

"I know the expectations are high. The pressure at any club is to be successful and here's no different. We want to win things quickly but my aim is also to look at the longer goals."

ANDRE ON BEING JUST 33 YEARS OLD!

"For me this is not a problem. It's just numbers. I want to bring great things to the club. I have enough determination to do a good job, I think."

ANDRE ON WINNING OVER THE DRESSING ROOM!

"We have a group who are internationals who've won trophies. Many of the players know me and some don't, but what's most important is we come together as a unit."

ANDRE ON CHELSEA'S STYLE OF PLAY!

"Football should be entertaining and there should be plenty of goals. This is what the Premier League's about and what we'll try to give our fans. My teams will always go out to attack."

ANDRE ON REBUILDING AN AGEING SQUAD!

"There's no rush to make judgments on who may stay and who may go. I'm lucky with the players here. We can analyse where we need extra strength but there's no emergency!"

ANDRE ON BEING THE NEW MOURINHO!

"I can respect who and what have gone before but can only be judged on the things I do this season and the next and the next – anything else is unimportant."

ANDRE ON NEXT SEASON'S TARGETS!

"To win the title. In the bigger picture, I want to help Chelsea build something that will last for many years. I want us to create a strong club that's respected, motivated and entertaining for a long time."

LADIES CONFESS! TO OUR SECRETARY!

100% REAL STORIES!

CONFESSION OF THE WEEK!

'We christened the launderette'

I recently moved into a new flat and was getting a kitchen fitted. As we live above a laundry, the kind owner gave us a key so we could use it while the kitchen was out of action. As my boyfriend and I had christened the whole flat, we decided to branch out. As we waited for the wash to finish, I kissed him passionately while undoing my jeans. He grinned and slid his hand up my top. Pushing me back against the vibrating machine, he put his fingers into me. I was soon begging for him to be inside me and he took me hard from behind until I screamed. Weeks later, my neighbour confessed to doing it in the laundry, too. I didn't have the heart to tell her we'd beaten her to it!

Janet, Glasgow

'Our kiss wound the boys up'

An ex-boyfriend of mine had a sister who I always used to get along with. She was very attractive and game for a laugh. A few years after I broke up with him, I bumped into his sister on a night out. After a few drinks, we spotted some guys who were glancing over at us and she decided we should give them something to look at. She gave me a kiss and we started to rub up against each other. One of the guys came over to talk to us and I was so horny and wet by this point that the three of us went back to the guy's hotel room together. She and I got straight down to snogging. As I caressed her breasts, she unzipped his trousers and played with his erection – he was hard as a rock. He whipped on a rubber and took me from behind while I kissed and licked her clitoris. I had the most intense orgasm of my life. Afterwards, we all got changed again and headed back out to finish off our night!

Natasha, Southampton

'He loved going down on me'

I feel really lucky to have a fella who has a sexual appetite to match mine. The other night, we had an amazing session and I woke up horny for more. We replayed every move that we'd done the night before and I was soon screaming with pleasure. Unfortunately, I remembered that I had an important meeting at work, so dashed out of bed, quickly changed and raced out the door. At lunchtime, I met my man for coffee and I explained how I'd been a dirty girl and hadn't even washed that morning, so I still smelt of our sex session. This turned him on and, without another word, he disappeared into the nearest loo – so, of course, I followed him. He licked every square inch of my body with his tongue and then finished me off with his rock-hard girth.

Di, Hertford

'We did it in every room'

I had a crush on a footballer from my local team. I used to go to watch them training with my friends. When he had to practise throw-ins, he came right up close to where we were sitting and our eyes would meet for a flirt. Over the weeks, I got a wink and then some cheeky grins. We started chatting with the players one day and, as we were leaving, I saw him get into his flash car and give me a nod. He slowed down as he passed me and asked if I wanted to go for a drive. I knew exactly what he meant! We drove to his house and, in his driveway, I got on top of him. I could feel his hard bulge pressing between my legs and it only took a few rubs to have me moaning. We then went inside and spent the afternoon bonking in every room!

GAMES!

EARTH DEFENCE FORCE: INSECT ARMAGEDDON PS3, XBOX 360

It's just you (and up to 300 types of very large weapons) against an invading insect army in this silly and fun arcade blaster. The "New Detroit" setting is pleasingly destructible, and just as well – squishing house-sized bugs with bullets involves an awful lot of demolition. If you loved the movie *Starship Troopers*, then this could be the game for you! ★★★

GALAGA LEGIONS DX XBOX LIVE ARCADE

Bigger, faster, brighter reboot of the scrolling shooter. You face wave upon wave of enemies exploding across the screen like fireworks. Challenging. Hardcore. Good. ★★★
